The Market

Due to the steady growth and progress in the agricultural sector Belarus reached in the last decade a high level in the agricultural and food processing industry. The agricultural machinery manufacturing showed also a favourable progress. Government aids, a close cooperation with partners in the Russian Federation and the increase of the export activity were main triggers for this development. The location in direct neighbourhood to the EU countries and the integration in the tariff union with Russia and Kazakhstan are good conditions for the cooperation with European and other international partners in the agricultural economy and the agricultural machinery industry. Trade relations to Russia and Ukraine are of great importance for Belarus as most of the agricultural export goods are sold to those markets.

The Exhibition

The international trade fair BELAGRO is the annual specialised platform in Central Eastern Europe for agricultural machinery, equipment and technologies, processing, transportation and storage of agricultural products. All fields of agriculture are presented, from tractors and soil tillage to harvesting technology, as well as transport and logistics. The focus is also on methods in plant cultivation and plant breeding.

More than 500 companies from 25 countries participated in BELAGRO/BELFARM 2017 and showed their products on 50,000 sqm exhibition space.

- Food Industry/Prod mash.Holod.Upak
- BIOGAS

The international specialized exhibition **Food Industry / Prod mash.Holod.Upak** and **BIOGAS** will take place for the fourth time along with BELAGRO/BELFARM.

The trade fair BELAGRO/BELFARM offers itself to be a meeting-place for the agricultural and agribusiness community of this region in Europe.

Take the opportunity to meet new customers, end-users and experts! Register for BELAGRO/BELFARM 2018!

BELAGRO / BELFARM

June 5 - 9, 2018

Minsk, Belarus

Main Topics

BELAGRO: Agricultural machinery and agricultural equipment • Seeds, plants, fertiliser, grain technology • Plant protection • Storage techniques • Transport technology • Automation systems • Environmental protection • Employment safety • Training and education • Consulting • Financing and insurance

BELFARM: Livestock breeding • Reproduction technology • Feed producing and storage • Veterinary medicine • Milking and cooling equipment • Animal housing and barn construction • Feeding technologies • Technologies for dung, solid and liquid manure

Standard equipment

- Octanorm walls and grey carpet
- 1x table
- 4x chairs
- 1x infocounter
- 1x coat rack
- 1x waste bin
- 1x power socket
- 1x country name and flag on the fascia

Standard „Plus“,
(illustration only)

Registration Deadline: April 27, 2018

Early Bird Rate Deadline: January 31, 2018

Our Service

- Extensive personal support before and during the exhibition;
- Competent consulting for stand construction;
- Support by our experienced partners regarding transport, customs clearance and travel;
- IFWexpo-service-office at the exhibition;
- Free entry-tickets for your clients.
