DAIRY LIVESTOCK & POULTRY EXPO AGROFARM INDIA 2020

4 - 6 September 2020, Mahatma Mandir,
Gandhinagar, Gujarat, India

The Market

With a population of almost 1.31 billion people and a GDP of about 2.3 trillion USD (2016) India is one of Asia's most attractive market. Agriculture employs more than half of the country's population, most of which are small-scale and subsistence farmers. India is the second largest producer of rice in the world with an expected export volume of over 4 mio. tons in 2017-2018. Apart from rice, the main cash crops are wheat, cotton, cane, turmeric, oilseeds, fruits and vegetables.

Dairy, livestock and poultry in India.

- India has the **world's biggest cattle herd** with about 512.05 million heads.
- It also provides employment to about **8.8 % of the Indian population**, majority of them are women.
- India is the world's **largest milk producer**.
- Since its liberalization, the output of **Dairy Industry in India is growing at a rate of 5% per annum**. Currently, India produces more than 13% of the world's total milk yet the per capita availability of milk is comparatively low.
- Poultry industry, which started as a backyard activity, has now transformed into a well organized, scientifically oriented and technologically driven industry. Today, India's **poultry industry is growing at around 10% per annum**.

Why Gujarat

The growth of the animal husbandry sector has resulted not only in increased milk production but has also provided a boost to the overall agro - economy of the state.

- Gujarat holds huge resources of cattle and livestock.
- Gujarat stands **4th among milk producing states** in India.
- Gujarat has estimated annual production of **60 million broilers**.
- Gujarat has produced app. **1455 million eggs** in 2013/14.
- Gujarat has produced app. **793.000 tons** of fish in 2013/14.

Our experience is your profit!
