INAUGURATION

Agritec Africa 2019 International Exhibition and Conference on Agriculture Industry was organized during 19th to 21st June, 2019 at Kenyatta International Convention Centre (KICC), Nairobi, Kenya. This was the 6th edition which was successfully concluded on 21st June, 2019. Radeecal Communications jointly organized this exhibition with Ministry of Agriculture, Livestock, Fisheries and Irrigation – Republic of Kenya and it was supported by Agriculture and Food Authority (AFA), Agricultural Sector Development Support Programme (ASDSP), Agrochemicals Association of Kenya (AAK), Kenya National Chamber of Commerce & Industry (KNCCI).

The Exhibition was inaugurated by Hon. Mwangi Kiunjuri - Cabinet Secretary Ministry of Agriculture, Livestock, Fisheries and Irrigation; Dr. Andrew Tuimur - CBS Chief Administrative Secretary, Ministry Of Agriculture, Livestock, Fisheries And Irrigation; Prof Hamadi IDDI Boga - Principal Secretary; Dr. Gabriel Rugalema - Representative in Kenya, Food and Agriculture Organizations of the United Nations (FAO); Mr. Duncan Marigi - Chair of the Agriculture and Rural Development Donor Group; H.E. Rahul Chabra - High Commissioner of India in Kenya; H.E Wycliffe Oparanya - Chair of the Kenya Council of Governors; Mr. Sanyal Desai - CEO, Radeecal Communications.

Agritec Africa 2019 has witnessed around 11,000+ visitors from entire Africa and Abroad. This dynamic event on Agriculture industry designed for Farmers, Agriculture Business People, Agronomists, Bio technologist, Government employees and for everyone who are willing to take The Next Giant Leap in Agriculture Industry.

Agritec Africa Conference 2019

Conference of Agritec Africa 2019, based on the theme of "The role of Agricultural technology to achieve the Big 4 Agendas target of 100% Food and Nutrition Security" was organized by Food and Agriculture Organization of the United Nations along with the three days of the exhibition i.e. June 19th to 21st 2019. The conference had invited 200+ high profile professionals based on academic, youth organization, government associations, and development practitioners.

The theme is aligned to the Government's Big 4 Agenda Initiative with specific focus on two of the four pillars i.e. Food & Nutrition Security; to drive smallholder productivity, reduce the cost of food and enhance large scale farming and Manufacturing; specifically, the Agro-Processing where the government intends to generate over \$200 Million annually in value additions. The theme also focuses on the 2030 Agenda for Sustainable Development and its 17 Sustainable Development Goals (SDGs) adopted by world leaders in 2015, to embody a roadmap for progress that is sustainable and leaves no one behind.

Several international speakers then took up the platform to share their experiences and bring the most innovative and pertinent technologies on the table to empower hundreds of local farmers, business associates, academic researchers and all those who had gathered at the venue. Let us throw a glimpse on the varied agricultural issues and topics covered by the technology.
