REPORT

IndiAirport^{2nd Edition}

An International Expo & Conference on Airport Technology

IndiAirport Expo has made a spectacular return to Yashobhoomi, New Delhi after a consecutive pilot edition and came stronger than expected and the best of the companies from Airport Infrastructure, Airport Technology & Airport Services industry from India & from abroad has participated over 45 companies as Exhibitors and Professional visitor, Delegates, Government officials and Airport Authority of India attended in good numbers in excess of 3,000.

Visitors were thirsty for knowledge and face to face connection whilst exploring the leading show of its kind in India with around 45 feature packed stands showcasing the latest technologies & services of Airport Infrastructure industry.

The feeling on the extensive show floor was electric, allowing visitors to connect with the most influential Airport technology & services leaders, manufacturers, and solution providers from many parts of the world like India, Germany, Belgium, Italy, UAE, Singapore & Saudi Arabia. Visitors were also able to see fantastic product demonstrations in the Exhibitor Presentation Theatre which was a constant hive of activity. IndiAirport 2023 provided the perfect opportunity to source, share, and connect with customers and colleagues to reaffirm relationships whilst linking with sellers, buyers, and other industry stakeholders.

Amongst the many highlights of IndiAirport Expo Hosted two days of international summit organized in association with PHD Chamber of Commerce & Industries, which invited very high quality and reputed international speakers who flourished the summit with their knowledge. The summit and the exhibition was inaugurated by very important dignitaries respectively on both days. On 21st November show was inaugurated & Plenary Address was given by **Chief Guest - Mr. Piyush Srivastava, Senior Economic Advisor, Ministry of Civil Aviation** and on the second day 22nd November show was inaugurated and inauguration speech was given by **Hon'ble Union Minister of State for Civil Aviation, - General (Dr.) Vijay Kumar Singh (Retd.)**.

The summit had an extensive program saw a range of international panels and guest presenters from all corners of the industry and delivered information covering the spectrum from innovation and advancements to smart technology and leading hot topics. This program received fantastic feedback with impressive numbers and many sessions were booked to capacity.

Overall a phenomenally successful three days celebrating our amazing industry and the best it has to offer. There is no other event like IndiAirport that connects industry experts with global product and solution providers within a collaborative environment that promotes business, networking, education, and innovation.

A few words from the Chief Guest

**Hon'ble Union Minister of
State for Civil Aviation,
General (Dr.) Vijay Kumar Singh (Retd.)**

The incredible exhibits and impressive innovations and knowledge full of sessions seen at IndiAirport Expo 2023, was worth doing it.

The calibre of this year's exhibitor offerings is testament to the ongoing strength of the industry. The excellence of the content presented in the Seminar Program was rewarded by high attendance at the sessions, and the exhibition was a fantastic opportunity to interact with industry. Congratulations once again to all our participants for their exceptional contribution and attendance in the overall gathering and exposition.

On the dynamic show-floor I saw many new innovations which are helping to drive the development of new products, witnessing exciting new solutions and key systems with greater integration and connectivity, I also see that companies outside of India are wishful to come to India and explore the emerging market of India. I also see that new and sustainable products are being launched at the expo and very important aspects of the industry were not only being discussed but also an effective solutions were given.

It has been an absolute privilege to take some time and being part of this wonderful opportunity, and I thank organizers of the show for their achievement and commitment.

A few words from the Chief Guest

Mr. Piyush Srivastava,
Senior Economic Advisor,
Ministry of Civil Aviation

It is with great enthusiasm that I look forward to being a part of this esteemed event focused on Airport Infrastructure and Airport Technology.

I commend Radeecal Communications, IFW Heidelberg Expo GmbH and PHD Chamber of Commerce & Industries for bringing together an impressive gathering of industry players, major airport managers, operators, and leaders in the aviation sector.

The opportunity to showcase culinary expertise amidst such a distinguished audience is both exciting and humbling. I am eager to contribute to the vibrant atmosphere of the event and engage with the innovative minds shaping the future of airport technology and infrastructure.

As a chef, I understand the importance of collaboration and innovation in creating memorable experiences. I am particularly looking forward to exploring potential synergies with the aviation community and sharing insights on how culinary experiences can enhance the overall travel journey. I thank you for this wonderful opportunity, and I am eagerly anticipating the privilege of contributing to the success of the IndiAirport Expo 2023.

Some Exhibitor Feedback

Ammega Belting, Germany

“ This is our first experience, it has been very good in past two days and the arrangements are very good in terms of the overall infrastructure of the expo, many customers have already visited our stall and all the top guns have already here, we are very happy to be part of the show.

Spritely Software, Singapore

“ This exhibition helped us understand the market, and we are quite happy & satisfied with the exhibition participation.

Softech, Italy

“ Happy to be part of the exhibition, very interesting contacts collected interims of airports. we are happy to with the flow and we wish to be present next year too. We see that there is a huge market for international companies to be part of this show and Indian airport sector and we believe that this is the right moment to be part of the show as India is leading to become the biggest market by 2030.

SICK Sensor Intelligenec, Germany

“ We are willing to see more and more industry partners to join the show and wish to see the potential growth of IndiAirport.

Reco3.26, Italy

“ The Show is very nice & very interesting to be here and we wish to make India as our second home seeing the potential of the market as it is the strongest in the world. Show worked well for us and appreciate the organizer for the opportunity.

STI Security & Training, Germany

“ We are happy to be here in the 2nd edition of IndiAirport expo and happy to be part of the both edition, we are wishful to be the part of the growing market.

Lenze Mechatronics Pvt Ltd

“ We have very positive experience and we interacted very variety of the people like different stakeholders, end users and OEMs who have visited our stalls, in short we have expanded our network by participating in this expo.

EWO, Italy

“ This was the first experience for us in IndiAirport and wish to be part of it in the future again, It was great opportunity for us and it has been so good for us.

Beumer Group

“ This has been so far so good considering the 2nd edition, and we wish to see more and more airport operators to be part of the show.

Airtec Italy

“ Exhibition is Very Good and I think it will grow bigger in the coming years. We are sure that we will participate with our association companies next year.
