Whom you will meet

Adani Group

With eight airports in its management and development portfolio, Adani Group is India's largest airport infrastructure company, accounting for 25% of passenger footfalls and 33% of India's air cargo traffic. Adani is headquartered in Ahmedabad and operates six airports: Ahmedabad, Lucknow, Mangaluru, Jaipur, Guwahati, and Thiruvananthapuram, and has signed concession agreements with the Airport Authority of India for all six airports

The Airports Authority of India (AAI)

The Airports Authority of India (AAI) is a statutory body under the ownership of the Ministry of Civil Aviation, Government of India. It is responsible for creating, upgrading, maintaining, and managing civil aviation infrastructure in India. It provides Communication Navigation Surveillance/Air Traffic Management (CNS/ATM) services over the Indian airspace and adjoining oceanic areas. AAI currently manages a total of 137 airports, including 34 international airports, 10 Customs Airports, 81 domestic airports, and 23 Civil enclaves at Defence airfields.

GMR Group

The GMR Group is the second largest private airport operator in the world and amongst the top 5 airport developers globally. It operates Delhi's Indira Gandhi International Airport, Hyderabad's Rajiv Gandhi International Airport and Goa's Manohar International Airport.

Gujarat State Aviation Infrastructure Company Limited (GUJSAIL)

GUJSAIL is the nodal agency for development of aviation and related infrastructure in the state of Gujarat. GUJSAIL is a public sector company set up by the Government of Gujarat (GoG) with a view to building infrastructure and providing trained human resources for the fast growing civil aviation sector in Gujarat.

Rohina Heliport Delhi

Rohina Heliport is the first Heliport in India featuring a centrally air-conditioned passenger terminal building with the capacity to handle 150 passengers. It is part of the National Civil Aviation Policy (NCAP) to have four heliports, one in each region. This heliport will provide all helicopter operational facilities and will decongest the busy Indira Gandhi International Airport and also promote regional air connectivity through helicopters in the northern part of the country for regular passenger services, heli-services, landing and parking of helicopters, MRO services for helicopters, disaster management, Helicopter Emergency Medical Services (HEMS), law and order surveillance.
