EXPANSION, INNOVATION, COLLABORATION

Edition: Third edition
Venue: RICEC, Riyadh, Saudi Arabia
Duration: Two days
Frequency: Annual
Next Edition: 16-17 December 2025

Held under the theme of **“Expansion, Innovation, Collaboration,”** Saudi Airport Exhibition 2024 brought together global aviation leaders, innovators, and stakeholders in Riyadh from 11-12 November. The event served as a transformative platform to explore cutting-edge technologies, foster industry partnerships, and drive sustainable growth in one of the world’s fastest-growing aviation markets.

This year’s exhibition featured **7,000+ aviation leaders, 257+ global exhibitors, and 100 speakers,** offering unparalleled opportunities for collaboration and networking. Key highlights included the **Global Aviation Issues Conference, Women in Aviation General Assembly, Airport Excellence Awards, and the Business Matchmaking Programme,** which collectively underscored the event’s role as a catalyst for industry growth and collaboration.

Looking ahead, the next edition will expand to **four halls,** reflecting the growing scope and impact of Saudi Airport Exhibition as the premier platform for shaping the future of aviation in the Middle East and beyond.

Voices of Global Innovation

Hear what our exhibitors have to say.

The exhibition is the ultimate hub for aviation industries, seamlessly bringing together all sectors under one roof. We are excited to witness the next edition!

Alkhattab Ali, CEO, Communication Experts

The 2024 Saudi Airport Exhibition has been an excellent platform to connect with industry leaders, share insights, and showcase our tNexus solutions. We appreciate the opportunity to engage with key stakeholders and explore innovations shaping the future of airport operations. A truly valuable event!

Khaldoun Al Muhtaseb, Director of Business Development, DUT

Saudi Airport Exhibition is a remarkable event where I have the opportunity to connect with a wide range of people. The diversity of roles represented offers invaluable insights and perspectives.

Uriah Carpenter, International Sales Manager, D.S. BROWN

Saudi Airport Exhibition offers countless opportunities to connect, network, and forge meaningful new relationships.

Francesca Fiacca, Associate Architect, One Works SPA

Voices of Global Innovation

Hear what our exhibitors have to say.

 **DATALOGIC**

Saudi Airport Exhibition provides an excellent platform to showcase our company to key Saudi contacts and connect with airports across the Middle East.

Emanuela Sanitate, Regional Account Manager, DATALOGIC SRL

 **InfiVR**

The event is a fantastic platform to network, connect with clients, and engage with like-minded professionals.

Nitesha Patel, Business Development, InfiVR

tobii

I thoroughly enjoyed the exhibition and looking forward to reconnecting with the incredible people we met there.

Christian Carter, Account Manager, Middle East & Africa, TOBII UK LIMITED

 **DOLL**

Thank you so much for the incredible assistance and support throughout the event. I look forward to being part of the next edition!

Ziad Younes, Regional Manager MENA, DOLL

Voices of Global Innovation

Hear what our exhibitors have to say.

We had a successful exhibition, connecting with a variety of new and existing contacts.

Zaid Taha, Sales Manager ME, Collins Aerospace

We would like to express our gratitude for the opportunity to participate in the exhibition.

Participating in Saudi Airport Exhibition was an excellent experience for our company. The event was impeccably organized — with a convenient location, a professional approach to each participant, and a large number of interested visitors.

The exhibition provided an excellent platform for knowledge exchange, exploring the latest trends, and expanding business contacts.

We are excited and look forward to participating again next year!

Viktoriia Rostova, Administrator, BEUMER GROUP

It was a bustling and successful event—thank you! We look forward to returning.

Dharmendra Nayee, International Business Development Director, GATIC

Voices of Global Innovation

Hear what our exhibitors have to say.

The event has become a significant and indispensable fixture on our calendar. We have been attending since the inaugural edition and have observed notable improvements in organisational and service excellence compared to the previous years.

I would like to take this opportunity to thank the organisers and the jury for the prize we were awarded, in particular for an innovative technique for screening people that I devised - the BeST technique - for which we were honoured. Winning a prize in an international competition is always a source of great satisfaction. However, winning in a fast-growing and pioneering country like the Kingdom of Saudi Arabia is particularly gratifying and we are proud to have received this award. It will no doubt motivate us to strive for even greater achievements in the future.

Salvatore Forte, Founder - AVSEC Instructor - Security Manager, Forte Secure Group

The appointment schedule was incredibly helpful and well-organized.

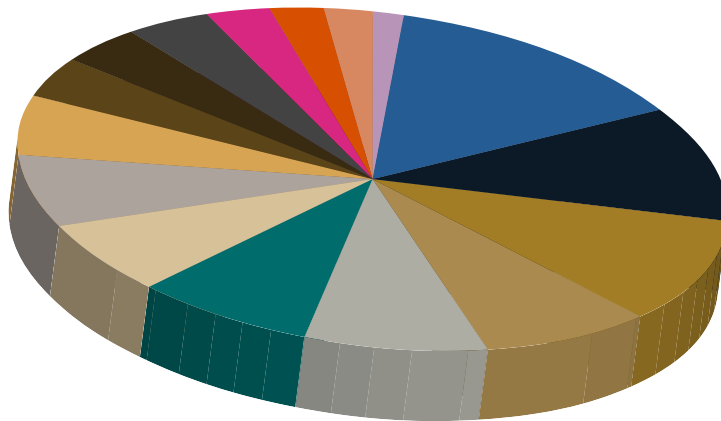

Claire Lockham, Accounts Manager, AVIRAMP LTD

Visitor Overview

The event brought together a vibrant mix of aviation professionals, government leaders, academics, and international representatives. Driving Innovation and Building Strategic Connections in Aviation

Saudi Airport Exhibition 2024 served as a premier platform for collaboration and progress in the aviation sector. A standout feature of the event was the **Business Matchmaking Programme**, which provided tailored networking opportunities and facilitated meaningful connections for aviation professionals. Attendees engaged in customized meetings, sparking collaborations that will redefine the landscape of the aviation industry.

We were honored to host **leading government bodies, airport authorities, and global aviation leaders**. Their participation highlighted the exhibition's significance as a hub for strategic partnerships and industry advancement.

Thoughts from Aviation's Key Players

It was an incredible platform to connect with professionals and colleagues from across the global aviation sector, explore cutting-edge technologies, and engage with experts specializing in diverse fields. Congratulations on the seamless organization and exceptional professionalism displayed throughout the event!

Selim Haji, Aerodrome Compliance Manager, Tibah Airports Operation Company

The exhibition was an exceptional platform to discover emerging technologies that can enhance airport safety and improve passenger facilities—all in one place. The interactions with various companies were incredibly insightful, offering valuable perspectives on adopting state-of-the-art solutions. I look forward to attending similar events in the future to explore innovations that will elevate airport operations and services with a strong focus on safety.

Chandra Mani Pandey, Director of Operations, DGCA

Thank you for the opportunity to be part of Saudi Airport Exhibition 2024. It was an absolute pleasure to participate as a VIP buyer, and I truly appreciate the exceptional hospitality and professionalism showcased throughout the event.

Major Abdulla Khalifa Alyahya, Duty Officer, MOI/v

Thoughts from Aviation's Key Players

As a member of the jury for the Airport Excellence Awards, which were presented by and during Saudi Airport Exhibition, I was really impressed by the high level of professionalism in the organisation of this remarkable event and the level of innovation and expertise on display.

It provided an excellent platform for networking with airport industry leaders and offered valuable insights into the development of aviation in the region. The diverse range of exhibitors and informative sessions helped to learn about trends and provide attendees with new ideas. The event was a great opportunity to reconnect with aviation partners and strengthen relationships.

Jorn Jaeger, Former Head of Airspace and Vertiports at Volocopter

It was a great pleasure to participate in Saudi Airport Exhibition. The event is a unique opportunity to see the biggest players in the airport world in Saudi Arabia and the region come together, to be able to share experience, to build new relationships, to connect or even to advance on agreements with partners in the best conditions. Receiving two awards for my company, the reward for several years of work by many colleagues was also a very strong and rewarding moment, thank you very much to the organization of the Airport Excellence Awards, to Niche Ideas DMCC, it was really impeccably organized.

Thought Leaders Speak

I thoroughly enjoyed participating in the Global Aviation Issues Conference in Riyadh. The engaging discussions during the sessions and the vibrant exhibition provided a unique platform to explore cutting-edge advancements in aviation.

AMERICAN ASSOCIATION
OF AIRPORT EXECUTIVES

The event was instrumental in helping me connect with a diverse audience, exchange ideas with industry leaders, and showcase my expertise on critical aviation topics. The networking opportunities were invaluable, and the collaborative atmosphere made it easy to foster meaningful professional relationships.

The panel discussions were exceptionally insightful, with enthusiasm and forward-thinking ideas evident throughout all sessions. Overall, the conference was an outstanding experience, and I look forward to contributing to future events.

Heba Gouda, Vice President - Global Operations, American Association of Airport Executives (AAAE)

The event provided an exceptional platform for meaningful discussions about the future of aviation. I especially appreciated the diversity of thought and expertise brought by the speakers and attendees, which made every session highly engaging and insightful.

Women in Aviation
MIDDLE EAST

It was an incredible opportunity to connect with like-minded professionals and establish valuable partnerships. Networking with individuals who share a passion for advancing aviation and women's empowerment was not only inspiring but also instrumental in identifying collaborative opportunities that align with my vision.

One of the most unforgettable moments was seeing the joy and happiness on the faces of the speakers and attendees. Witnessing their enthusiasm and pride in being part of such a significant event filled me with immense joy and reinforced the importance of creating such empowering platforms.

Thank you again for organizing such a phenomenal event. I look forward to seeing its continued success in the future

Mervat Sultan, President, Women in Aviation Middle East Chapter

Thought Leaders Speak

What an incredible experience to speak at the "Women in Aviation" conference last week! I had the chance to participate in a dynamic panel discussion on Urban Air Mobility. The session was expertly moderated, with insightful questions and adept guidance that kept the conversation engaging and on point. The panel featured a diverse group of professionals, each bringing unique perspectives and expertise to the table.

One of the highlights of the event was the interaction with the audience and an inspiring keynote speech by a prominent leader in the field. This level of engagement underscored the importance of such initiatives in attracting and inspiring more women to pursue careers in aviation.

Overall, the conference was a great success, exceptionally well-organized, and remains a testament to the growing interest of women in the aviation industry. It was an honor to be part of such a forward-thinking and inclusive event.

Marios Sentris, EMEA Aviation Director, PARSONS

It was a wonderful experience overall. The organization, arrangements, and coordination, everything was beautifully organized and well-structured. I truly appreciate the effort that went into making the event run smoothly, and it was evident that every detail was carefully thought out.

Once again, thank you for this amazing opportunity. It was an honor to be a part of such a meaningful event, and I look forward to future opportunities to collaborate.

Eng. Maryam Sadiq, Engineer, Dubai Police

Thought Leaders Speak

I was impressed with the number of women who are either interested in or currently active in the civil aviation sector. The topics chosen for discussion were pertinent with plenty of discussion among both panelists and attendees.

The meeting is clearly important for women who are or want to be active in the fast-growing civil aviation sector in Saudi Arabia and the GCC.

Dr. K.L. Dan Wong, Ph.D MITE, Associate Professor, Department of Aviation, Prince Sultan University

On behalf of Dubai Air Navigation Services (dans), I had the pleasure of attending the Global Aviation Issues Conference in November 2024, and it was an exceptional experience. The conference was meticulously organized, bringing together industry leaders, experts, and professionals from around the globe.

What I enjoyed most about the conference was the opportunity to engage with a diverse group of professionals who are passionate about the future of aviation. The sessions were insightful, covering a wide range of topics from the latest technological advancements in airport management to sustainable practices in aviation.

The event significantly contributed to my goals. It provided ample networking opportunities, allowing me to connect with key stakeholders and potential collaborators. Engaging with the audience during the panel discussions and showcasing my expertise in sustainable airport operations were particularly rewarding experiences. The highlights of the conference were the keynote speeches and various industry panels, which offered valuable perspectives and innovative solutions to current challenges in the industry. Other memorable moments were the interactive workshops on Advanced Air Mobility Revolution, digital transformation in airports, which were informative and engaging.

Overall, the Global Aviation Issues Conference was a resounding success, providing a platform for knowledge exchange and fostering growth in the aviation sector. I look forward to attending future events and continuing to engage with this vibrant community.

Khurram Qureshi, Project Manager, DANS

Thought Leaders Speak

The Global Aviation Issues Conference in Riyadh was exceptionally well-organized, and the team was incredibly helpful and friendly. It was particularly exciting and refreshing to see and meet world-class experts from diverse backgrounds. It was networking at its finest. It was an excellent opportunity for us to showcase some of ADB Safegate's innovations in the industry

Ammar Momani, Director KSA, ADB SAFEGATE

Airport Excellence Awards

Celebrating Excellence, Inspiring Progress in Aviation.

The Airport Excellence Awards, a highlight of Saudi Airport Exhibition 2024, celebrated the pinnacle of achievement, innovation, and best practices in the global aviation industry. Recognizing groundbreaking advancements in areas such as infrastructure development, sustainability, and passenger experience, the awards honored visionaries and trailblazing initiatives driving positive change. The ceremony spotlighted industry leaders and projects shaping the future of aviation through excellence and transformative impact.

Innovative Solutions for Airport Development

Technical Development Company was established in 2002 in Riyadh Kingdom of Saudi Arabia and has been gaining considerable experience since, with a vision for continuous emphasis and a strong commitment to the community and the environment that is so vital for the future of our country.

It is always our intention to be involved in every effort to improve quality, manage processes and develop new ideas, to ensure and maintain the highest quality of services provided.

Our sectors encompass a diverse range of industries, including airports, metro systems, and landports, where we provide specialized solutions to enhance transportation efficiency. In addition, we focus on the development of buildings and infrastructures, ensuring innovative and sustainable designs. We also contribute to the power generation sector, supporting clean and reliable energy sources to meet the growing demands of modern society.

In the airport sector, we deliver integrated solutions for terminal buildings, ATC towers, fire fighting systems, distinct cooling systems, HVAC systems, MV distribution systems, ELV systems, ICT systems, and conveying systems. We manage airside and landside facilities, including aprons, runways, taxiways, gate operational systems, airfield lighting, and airport grounding. Our services include equipment security, car parking systems, active/passive networks, baggage handling systems (BHS), passenger boarding bridges (PBB), and flight information systems (FITS). We also provide Visual Docking Guidance System (VGDS) and Building Management Systems (BMS) for efficient airport operations.
